

# Nature Live

## Getting ready

My name .....

My age .....

### The ANAGRAM challenge

- In each episode you will find one hidden letter. Use the boxes below to record each of the letters. When you have all 5 letters, rearrange them so that they spell a word.

Answer

### Hidden objects

- In each episode there are going to be hidden objects for you to try and spot. Use the table below to make a note of what it was or where you spotted it.

	What to do on a walk	Brilliant birds	A peep into ponds	Wild skills	More things to do on a walk
Cuddly toy

## 1. What to do on a walk

An interesting fact I learnt in today's episode	
Where I went on my nature walk	
When I was on my walk I really enjoyed...	
When I sat down to do my silent sit spot I could hear...	
On my walk I collected these things...	

2

## 2. Brilliant birds

An interesting fact I learnt in today's episode	
What makes a blue tit different from a bullfinch?	
Where are you going to hang your bird feeder?	
To encourage more birds into my garden or local park I am going to....	

### 3. A peep into ponds

An interesting fact I learnt in today's episode	
What equipment do you need in order to go pond dipping?	
Name 3 animals you might find living in a wildlife pond	
Have you made a wildlife pond in your garden? If so what it is like?	

### 4. Wild skills

An interesting fact I learnt in today's episode	
What materials did you need to make a shelter?	
What style of shelter did you choose to make?	
What animals did you find in your pit fall trap?  <i>You may like to draw your animal</i>	

## 5. More things to do on a walk

An interesting fact I learnt in today's episode	
Has anything on your walk changed from when you went before? (For example, are all the leaves the same colour?)	
When I was on my walk I really enjoyed...	
What did you put in your smelly potion?	
When you played the woolly worm game did you see any patterns? Were any or the worms harder to find than others? Why might that be?	
Climate change is affecting everyone. What changes could you make in your own home help combat climate change?	

Out of all the activities I have done as part of #PrimaryNatureLive, the activity I enjoyed the most was...

I enjoyed this the most because:
